

## MICRO - DRY

### CAR WASH WITH SELF-POLISHING AND SELF-DRYING EFFECT MICRO LAYER DRYING

#### APPLICATIONS:

Cleaner for car wash. Leaves surfaces sparkling clean and dries quickly.

No need to use rising agents.

Self-drying and self-polishing result continues even after 5 rinses.

MICRO - DRY has an excellent cleaning effect, self-drying, and shines.

Product does not contain products that leave insoluble residues. So easy to rinse.

**DOES NOT DAMAGE ALUMINIUM OR PLASTIC.**

#### INSTRUCTIONS :

##### WITH HIGH PRESSURE WASHING:

Spray surfaces from the bottom to the top at a concentration of 3% (300 ml in 10 litres)

Better if applied with foam. Let it work a while dependently on dirt. For professional use, brush surface to take away 100% road residues (ROAD FILM)

Rinse from the top to bottom with high pressure. Let it dry.

No need to use hot water, only if water temperature is under 15 ° C.

##### BRUSH INSTALLATION:

Product is automatically dispensed at the right concentration.

After rinsing phase, there is no need to dry.

Bodywork and glasses dry **WITHOUT LEAVING STAINS OR SPOTS.**
